## **Traffic Alert – Columbia-Tusculum/East End**

*Lane Closures along Columbia Parkway near Delta January 14 – Early Spring  
Traffic on Delta to be Detoured during Intersection Work*

CINCINNATI – Lane closures along Columbia Parkway near Delta Avenue are scheduled to begin Monday, January 14 and will continue through early spring for sewer-related work. The schedule is dependent on weather and field conditions.

All lanes of Columbia Parkway will be open during morning and afternoon rush hours, from 6-9 a.m. and 4–6 p.m. Monday through Friday. One lane of traffic in each direction will be maintained during non-rush hour times. Some night and weekend work may occur.

When construction reaches the intersection of Delta Avenue and Columbia Parkway, traffic on Delta Avenue will be detoured, with the exception of southbound traffic going west on Columbia Parkway and northbound traffic going east on Columbia Parkway. *See attached detour map.* Project updates will be shared via press releases and Twitter @CincinnatiMSD.

Access to local traffic and emergency vehicles will be maintained at all times, but delays are possible.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Sunesis Construction Company, are replacing a deteriorated sewer line in Columbia Parkway.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

*Immediately following the conclusion of MSD's sewer project, the Cincinnati Department of Transportation and Engineering will begin street rehabilitation along Columbia Parkway from Delta to Beechmont avenues. CDOTE will issue a separate update for their project.*

For additional information about the MSD project, please contact MSD Engineering Customer Service at (513) 557-3594 or [MSD.Communications@cincinnati-oh.gov](mailto:MSD.Communications@cincinnati-oh.gov).
